

☀ What to Expect This November – Day One of the Conference!

Global Perspectives. Real Stories. Practical Solutions.

Join us for an action-packed first day featuring **international experts** tackling the future of **accessible healthcare** across Acute, Aged, and Community care settings.

🔍 Highlights:

- **Lived Experiences:** Hear powerful consumer stories from people of size and those with limited mobility. Understand care from their perspective.
- **Interactive Panels:** Engage in expert-led discussions with live Q&A—your chance to shape the conversation.
- **Preserving Dignity:** Explore how equipment, culture, and experience choices can uphold dignity in care.
- **Hospital Case Study:** Discover how a major city hospital transformed its patient risk management strategy in a rapidly evolving environment.

✂ Hands-On Workshops:

- **Risky Business:** A critical look at risk management tools used across Australia.
- **Storytelling in Safety:** How narratives are reshaping patient handling practices.
- **AI in Action:** See how artificial intelligence is revolutionizing sling selection and pressure care.
- **Community Care Navigation:** Tackle discharge barriers and explore effective control strategies.
- **Innovation Lab:** Test the latest equipment, vote on the most groundbreaking innovation, and share your insights.

🎉 Evening Networking:

Unwind and connect with peers at the **South Bank Rydges Hotel**—drinks, food, and great company included in your registration!

☀ What to Expect – Day Two of the Conference!

Inspiration. Innovation. Insight.

Start your day with a **barista-made coffee** (courtesy of AAMHP Executive) and dive into a full day of learning, sharing, and shaping the future of healthcare mobility.

🔍 Highlights:

- **Aged Care Leadership:** Strategies to boost safety, retain staff, and cut costs.
- **Workforce Engagement:** Empower teams to champion safe mobility in Acute care.
- **Virtual Reality in NZ:** See how immersive tech is transforming bariatric patient care education.
- **The Emerald City Journey:** Build accountability and sustainability in mobility programs.
- **Shaping Tomorrow Panel:** From pioneers to future leaders—where are we now, and where are we headed?

🧠 Deep Dives:

- **Falls Management:** Rethink injury prevention and challenge outdated myths.
- **Beyond Lifting:** Focus on worker wellbeing, not just technique.
- **Plus-Size Patient Care:** Should equipment take the lead over manual methods?

🔧 Workshops:

- **Balancing Act:** Practical strategies for falls prevention vs. patient mobility.
- **Device Showdown:** Objectively evaluate three patient rolling devices.

🍷 Wrap-Up Social:

Close the conference with a relaxed drink and nibbles while discussing the future of AAMHP—and what you want to see next year.
